A. Name

The name of this committee shall be the Citizens' Bond Oversight Committee. This committee shall be an advisory committee to the Board of Education.

B. Purpose

The Citizens' Bond Oversight Committee shall monitor the 2006 bond issue supported by the Boulder Valley School District (BVSD) voters on November 7, 2006. The committee will provide an independent review of the bond projects that comprise the 2006 Bond Issue which are set forth in the Educational Facilities Master Plan approved by the Board of Education on June 13, 2006. Such monitoring and review is intended to provide a high level of accountability and communication on behalf of the Board of Education to the citizens of the Boulder Valley School District.

The responsibilities of the Citizens' Bond Oversight Committee shall be to:

- Monitor the status of all bond issue projects through information provided by district staff and/or the construction program management team and provide feedback as appropriate.
- Review and recommend to the Superintendent and Board of Education significant changes, if any, in the scope of projects set forth for each facility contained in the Educational Facilities Master Plan.
- Receive quarterly reports regarding the expenditure of bond funds.
- Review the overall process to solicit, qualify and select architects/engineers and general contractors for major projects.
- Monitor the development and maintenance of a 2006 Bond Program Implementation public web page with updates regarding all facility projects that are in the construction phase. At the completion of each project, the 2006 Bond Program Implementation web page will list a complete breakdown of the costs associated with each facility project.
- Provide quarterly and annual reports to the Board of Education at a regularly scheduled Board meeting. This responsibility shall continue through completion of all projects culminating with a final summary report to the board.

D. Appointment Process

The Superintendent of Schools will solicit individuals from each of the noted groups for review with the President and Vice-President of the Board of Education. Recommended members will be approved by the Board of Education.

Individuals selected will be appointed to either two (2) or three (3) year terms at the commencement of the committee. At the end of a successfully completed two (2) or three (3) year term, an existing committee member may submit an application for consideration to be reappointed to the committee.

It is understood that changes in membership will occur as individuals may no longer represent the stakeholder group to which they were chosen or can no longer serve. In such cases, a replacement representative will be sought from the specific stakeholder group to fill the remaining length of an individual's term.

The Citizens' Bond Oversight Committee will sunset following completion of all major bond projects, but not before 90 percent of all bond proceeds have been expended.
